

Step 1

Applying Your Magnetic Hinge Cover™

Fig. 1

Unfold device into fully extended position.

Fig. 2

Position bottom portion of device onto hinge plates.

Fig. 3

Fold top portion of device over top of hinge barrel and let fall behind door. You can then go to the backside of the door.

Step 2

Fig. 4

Position magnetic strips onto edge of hinge barrel as shown.

Fig. 5

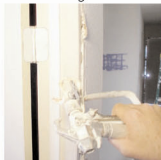

Adjust as necessary.

Fig. 6

Paint door and jamb.

Fig. 7

Step 3

Let paint dry completely before removing device.

Fig. 8

Fig. 9

Remove device by pulling bottom portion of device off of hinge plates and pulling up on entire device as shown in Figure 9.

Fold device back to original position and return to reusable package provided.
