

# Fun Activity Kits

A fun way for children to learn about the principles of magnetism.  
A great opportunity for parents to interact with their children!

A.

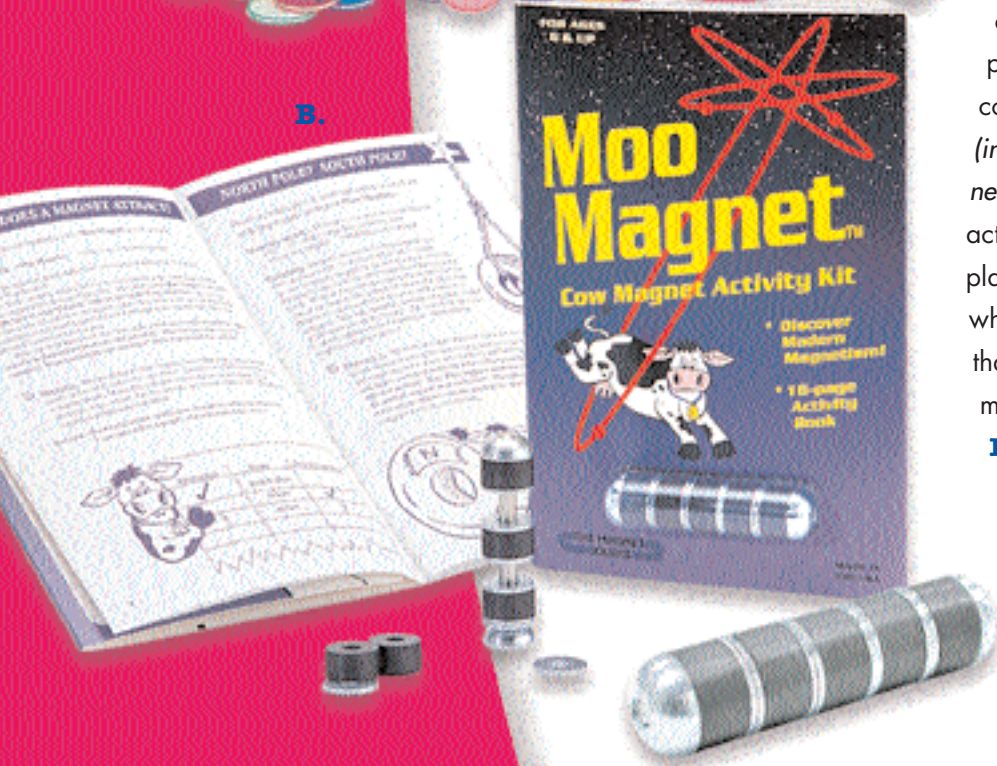

## A. Wand Tube Kit

This award-winning kit includes a 32-page, fully-illustrated activity booklet featuring "Atom the Magnet Detective," a friendly, dinosaur-like character that guides children through the kit's activities and games. The kit also includes two colorful magnetic wands, 50 wire-rimmed counting chips, 10 magnetic marbles and is packaged in a sturdy, reusable storage tube. Ages 6 and up.

**Part No. 00309**

B.

## B. Moo Magnet™ Activity Kit

This kit includes a special cow magnet and an illustrated activity book. The magnet is a special version of an actual cow magnet. Cow magnets are used to prevent "Hardware Disease" in cows. This cow magnet disassembles into 16 pieces (including five powerful ceramic ring magnets) for use with activities in the 16-page activity booklet that can be used as a lesson plan. The booklet features "Bessie Bovine" who guides youngsters through 12 exercises that teach them the principles of modern magnetism. Ages 6 and up. **Part No. 00350**

**Bulk Moo Magnets - Part No. DMRUM-5**

# Educational and Fascinating!

## C. Magnet Discovery Kit

This educational and fun kit contains everything a youngster needs to learn the basic principles of modern magnetism. This 28-item kit includes a large assortment of powerful magnets, a variety of fun magnetic accessories, and a 16-page fully-illustrated Discovery Guide. The guide leads youngsters through 13 incredible activities teaching them about such important concepts as separation technology, magnetic polarity, and enhancing magnetic strength. Ages 8 and up.

Part No. 00300

## D. Magnetic Wand Activity Kit

This award-winning, fun-filled kit includes 6 colorful magnetic wands, 10 Marbleous Magnets™, 4 oz. of steel shapes, 50 counting chips, and iron filings sealed in a clear plastic box. A 32-page fully-illustrated activity guide chock-full of games and projects is also included. Ages 6 and up.

# Interactive Magnets

A wide range of interesting magnets and magnetic accessories that are sensibly priced! Packaged in colorful blister cards for ease of display and quick retail sale.

## Wire-rimmed Counting Chips

### A. Magnetic Wand with 50 Wire Rimmed Counting Chips

Ages 6 and up. (Specify color of magnetic wand: red, orange, yellow, green, blue, light blue, pink or purple) **Part No. 00313**

**Also Available:** Box of 24 units with three of each color of wand\*. **Part No. 00313-BX** (not shown)

### B. 100 Wire Rimmed Counting Chip - Ages 6 and up. **Part No. 00325**

## Marbleous Magnets™

### C. 15 Marbleous Magnets™ - Ages 6 and up. **Part No. 00324**

### D. Magnetic Wand with 10 Marbleous Magnets™

Ages 6 and up. (Specify color of magnetic wand: Red, Orange, Yellow, Green, Blue, Light Blue, Pink or Purple)

**Part No. 00312**

# Discover the Mysterious World of Magnets.

## A. Magnetic Field Viewer Card

Astounding interactive package includes viewer and three magnets. This kit is great for conveying the concept of magnetic fields and poles. Ages 6 and up.

**Part No. 00321**

## B. Bulk Magnetic Field Viewer Cards

The special paper laminated in this amazing card shows the pole locations on any magnet. Two magnets may look the same physically but have radically different magnetization patterns. With this card you can see how many poles a magnet has, and where they are on the magnet. Ages 6 and up. **Part No. DMVC-1**

## Iron Filings

### C. Clear Plastic Sealed Box of Filings with

**Two Magnets** - Interactive "Shake Me" packaging. Ages 6 and up. **Part No. 00322**

### D. Magnetic Wand and Sealed Box of

**Filings** - Interactive "Try Me" packaging. Ages 6 and up. (Specify color of magnetic wand: Red, Orange, Yellow, Green, Blue, Light Blue, Pink or Purple) **Part No. 00315**

**Also Available:** Box of 24 with three of each color wand\*. **Part No. 00315-BX**

\* **Colors available:** Red, Orange, Yellow, Green, Blue, Light Blue, Pink or Purple.

# Magnet Counter Displays

## Bulk Ceramic Magnet Counter Displays

Your customers will find unlimited uses for making craft projects magnetic and doing magnet activities with these powerful magnets.

### A. Display Containing 500 Ceramic Block Magnets

(300 blocks with 3/16" center hole, 3/16"thk. x 3/4"L x 1"W, and 200 solid blocks, 3/16"thk. x 1/4"L x 7/8"W) Part No. MDCB40CB3

### B. Display Containing 500 Ceramic Rings and Disc Magnets

(300 solid discs 3/4"dia. x 3/16"thk., and 200 rings, 3/4"od. x 1/4"id. x 1/4"thk.) Part No. MDZG1025AB

### C. Magnetic Tape Counter Display

Flexible Magnetic Tape is great for a wide range of school and craft projects. This magnet has adhesive on one side. Customers just peel off the liner and attach the magnet to the project. Cuts easily with scissors. Colorful display has 144 rolls. Each roll is individually UPC labeled. (1/2"W x 30"L) Part No. MDZG1025AB

## Flexible Magnetic Tape

Flexible magnetic tape is perfect for making lightweight projects magnetic. It has adhesive on one side and magnetism on the other. Just use scissors or a hobby knife to cut whatever length is necessary for the project, peel off the adhesive liner, and adhere the magnetic tape to the project.

**D. Magnetic Tape** - (12 1/2"W x 1"L pcs.) Part No. 07010

## Horseshoe and Bar Magnets

### A. Red Alnico Horseshoe Magnet with Steel Keeper

(2-3/8" tall) Part No. HSPH2 (also available blister carded) Part No. 07225

### B. Red Alnico Horseshoe Magnet with Steel Keeper

(1-1/4" tall) Part No. HS170

### C. Red Ceramic Horseshoe Magnet

Poles marked "N" and "S", (1-1/4" tall) Part No. DMHS11

### D. Red Ceramic Bar Magnet

Poles marked "N" and "S", (1-1/2" long) Part No. DMCPB

### E. Alnico Bar Magnet

(3.5% chrome) Poles marked "N" and "S", (6" long) Part No. SPB6C

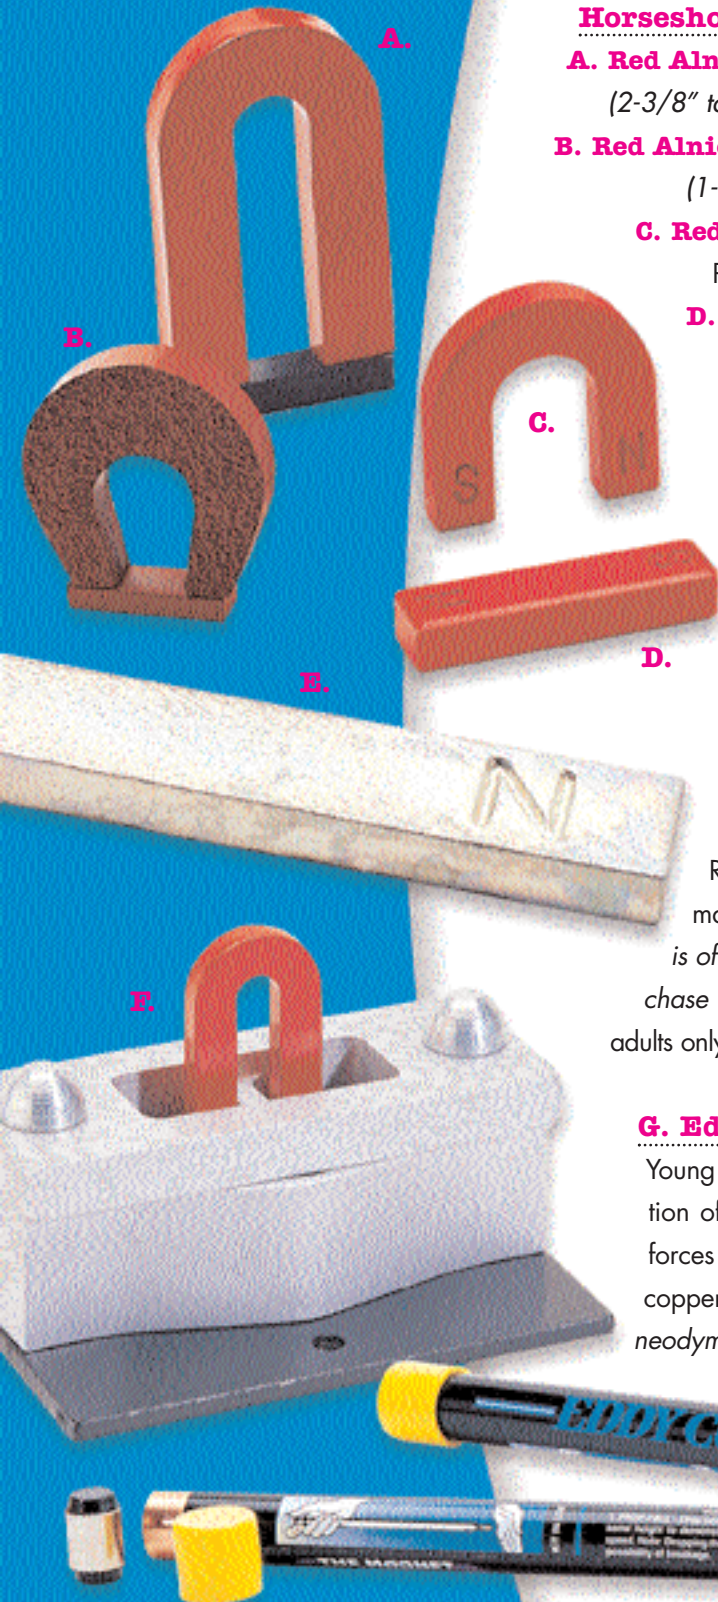

Contact us for other  
bar or horseshoe magnets.

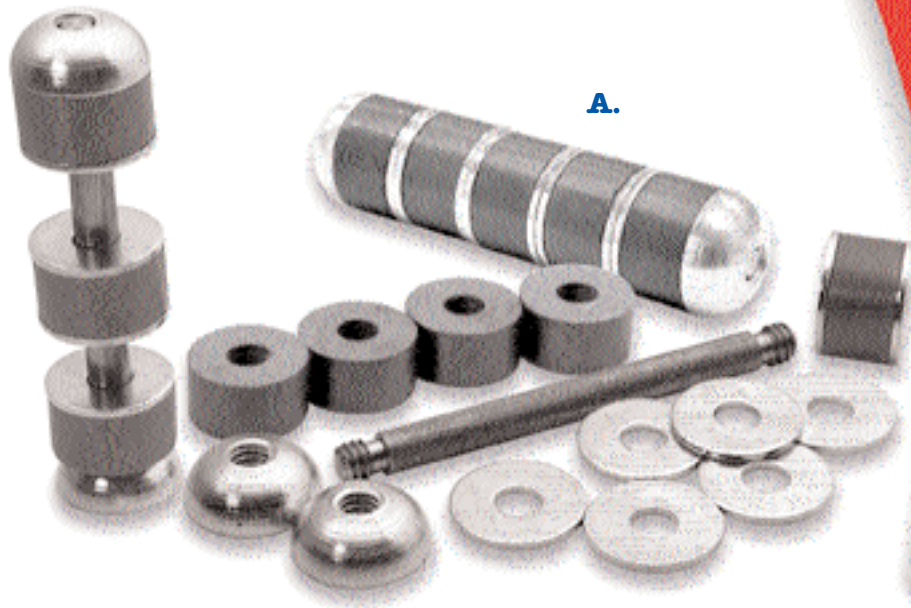

### F. The Remagnetizer™

Alnico magnets can lose their magnetism if dropped, stored without keepers, or while demonstrating repelling magnetic poles. Instead of throwing these valuable magnets away, remagnetize them! The Remagnetizer™ restores the magnetism to Alnico horseshoe and bar magnets in just a few seconds. No electricity required. (Remagnetizing is often provided as a service in school supply stores, or schools may purchase this item for their supply room) 5" long x 2-1/2" high. To be used by adults only. Part No. DM-RM (horseshoe magnet not included)

### G. Eddy Current Kit

Young explorers can discover eddy currents with this amazing demonstration of Lenz's Law. A moving magnetic field creates mysterious opposing forces which make the magnet fall slowly through the tube. Kit includes a copper tube, two test plugs of similar size and weights (one steel and one neodymium magnet), two end caps for self-contained storage, and instructions. Ages 10 and up. Part No. DM-ED

**Surplus Neodymium Magnets\***

Neodymium (Nd) is the most powerful magnet material in the world. Neodymium is element number 60 in the lanthanides section of the Periodic Table. These are the super strong Neodymium (NdFeB) magnets you have heard about that can attract through your hand. Formerly used in industry, these surplus magnets are an incredible value: as little as one fourth the cost of new neodymium magnets. Surface conditions may vary.
